

9h30 Welcome coffee - visits to stands & demo's (Spoor 95)

10h00 Welcome word and opening speech (Auditorium): Mohamed Ridouani, mayor of Leuven

10h30 Break & refreshments - visits to stands & demo's (Spoor 95)

11h00	(round table) Micromobility - thriving or in existential crisis (focus: role of the competent authority) (Raadzaal) (120 pers)	(break-out 1) Road vignette and Viapass II (Perszaal) (35 pers)	(break-out 2) Collective and public transport (vergaderzalen 2-3) (34 pers)	(break-out 3) Parking & enforcement (vergaderzalen 4-5) (26 pers)	(break-out 4) Autonomous I (vergaderzalen 6-7, 22 pers)	(speed run) Data, tools & AI (Auditorium) (220 pers)
	Moderators: Sven Huysmans (TND)	Moderator: Griet De Ceuster (TML)	Moderator: (invited) Jim Vandenrijse (BMC)	Moderator: Bart Lannoo (Be-Mobile)	Moderator: Julie Mariën (MOW) & (invited) Tim Asperges (Stad Leuven)	Moderators: Pieter Morlion (More-Lion) - Sven Maerivoet (TML) or Stijn Vandeweyer (Arch)
	Martin Lefrancq (Brussels Mobility)	Heimo Haub (SkyToll) - Lessons learnt in tolling, including on transitioning	Reto Schmid (Fairtiq) - Mobile first, cards second: what Belgium can learn from Denmark's nationwide PAYG transformation	Elliott Botta (Intouch) - Smart streets, safe cities: AI and automatisisation of parking- and traffic enforcement of tomorrow	Koen Schietecatte (De Lijn) - Leuven pilot project	Karl Determe (Brussels Mobility) - asset management system
	Jelle De Keyser (Stad Antwerpen)	Wouter Van Haften (AGES) - Do's and don'ts for electronic vignettes	Laurent Courgey (KUBA) - Open payments	Ludwig De Schryver (Sigmax) - On-street parking & blue zones	Chris Tampère (KULeuven) - How do autonomous buses and VRU interact? Evidence from Leuven	Guido Vaganee (MINT) - Travis
	Yessin Aattache (Voi)	Closing panel: lessons learnt & principles going forward - (invited) Viapass - Tim Buyse (MORA)	(invited) Thomas Hermine (BMC) - Public transport data, first successes and next steps	Frank Schermann (TollCollect) - Use of tolling data for truck parking information services	Simon Collet (LETEC) - The Walloon Roadmap for AV in PT	Wim Michiels (Anyways) - #NotATrafficModel
	Alexis Hiernaux (Bolt)					Ien Lavens (Brussels Mobility) Use of realtime and historic ANPR data for traffic management and more
						Steven Logghe (Movias) - GADER
						Tools for automated driving training (Tatweer)

12h00 Lunch break - visits to stands & demo's (Spoor 95)

13h00 Keynote Wake-up call autonomous mobility (Auditorium) - Tim Asperges, City of Leuven

14h00	(round table) Enforcement - impact of the private sector and AI (case studies: cycling streets, trajectory control, parking ...) (Raadzaal) (120 pers)	(break-out 5) Active and shared mobility (Perszaal) (35 pers)	(break-out 6) Electromobility (vergaderzalen 2-3) (34 pers)	(break-out 7) C-ITS (vergaderzalen 4-5) (26 pers)	(break-out 8) Autonomous II (vergaderzalen 6-7, 22 pers)	(speed run) Multimodality boosters (Auditorium) (220 pers)
	Moderators: Steven Logghe (Movias)	Moderator: (invited) Wout Baert (Fietsberaad) & Patrick D'Haese (MOW)	Moderators: Philippe Vangeel (EV Belgium) & Johan Van Looy (TND)	Moderators: Kristof Rombaut (AWV)	Moderator: Julie Mariën (MOW) & Sven Maerivoet (TML)	Moderators: Stijn Vandeweyer (Arch)
	Lotte Van Dijk - InTouch	Pieter Morlion (More-Lion) & Emilie Gysels (Provincie Antwerpen) - digital bicycle infrastructure (focus: Fietsnelwegen - inventory, digitalisation (digital twin), and assessment of the cycling network in Flanders)	Stef De Geyndt (TotalEnergies) - V2G charging project (Copper) in Gent	Bart Lannoo (Be-Mobile) - Be-Warped	Gwynne van Kaauwen (AWV) - The Tesla Case, a public perspective	Bartel Braeckman (KBC) - How KBC connects automotive and multimodal mobility
	Rob Versmissen (Macq)	Ben Atnipp (Vianova) - Framework Regulating and evaluating shared mobility	Wout Lagae (Pleevi) - AI-powered energy management for parking hubs	Wouter Giesen (TripService) - Who guides the road users?	Isaak Yperman (Movias) - Tele-operated Crash Absorbers	Camille Lubon (Brussels Airport) - How simulation supports strategic mobility decisions
	Alessandro Heirman (Uto Technologies)	Han Tambuyzer (Nazka) - well-equipped bike parkings	Ben Pycke (Geosparc) - The future of information-driven enforcement	Stephen T'Siobbel (ERTICO) - Linking the EU and the local perspective in practice	Sven Vlassenroot (IMEC) - CCAM Proving Region	Tom Dhollander (Voetgangersbeweging) - Mobihubs in Brussels
	Myriam Adriaenssen (MOW)					Elodie Struyf (SPW Mobilité) - Code de conduite MaaS
						NAP Transportdata - Jasper Malengier NGI IGN
						Jeffrey Matthijs (Way to go) - Who pays for inclusive shared mobility?

15h30 Closing remarks & reception (Spoor 95)
